ML6044PSS Dress Trim – 5mmD x 32mmØ

Installation Guidelines

Metlam Australia recommends the use of the screw fixings supplied with the product as these are fit for purpose.

1. Loosen Grub Screw (B) with Hex Key (C) from Mounting Support (A) and remove Ferrule (E).
2. Mark mounting position for single Mounting Support.
 - **Note:** For dual Mounting Support application, ensure that height positions are parallel and Centre to Centre measurements are correct.
3. Drill hole(s) in marked position(s). Insert Hard Wall Anchor (F) or another suitable fastener appropriate to the wall being affixed to.
 - **Note:** Use Optional Dress Trim (G) for soft wall fixture.
4. Insert Screw (D) into Ferrule (E) and tighten Screw (D) into Anchor (F) so that Ferrule (E) is secure to wall.
5. Position Mounting Support (A) and push onto Ferrule (E).

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.

- **Note:** For dual Mounting Support application ensure that unit is parallel.
6. Secure unit by tightening Grub Screw (B).

The technical recommendations contained in this document are necessarily of a general nature and should not be relied on for specific applications without first securing competent advice. Whilst Metlam Australia Pty Ltd has taken all reasonable steps to ensure the information contained herein is accurate and current, it does not warrant the accuracy or completeness of the information and does not accept liability for errors or omissions.
