

## ML4156 Stainless Steel Catheter/IV Hook

### Material Specifications

- Stainless Steel Body
- Exposed Fix Mounting
- Hook Welded to Mounting Plate

### Mounting

- Visible Screw Fix

### Dimensions

- 48mmW x 112mmH x 66mmD

### Finish

- Satin Stainless Steel

### Installation Guidelines

- *May be subject to Australian Building Code Regulations or architectural plans for installation height, which is the responsibility of the installer. It is recommended that any individual unit is installed whereby it clears any other fixtures by at least 150mm and not carry loads any greater than 20kg.*
1. Locate fixing position on wall and mark using mounting holes, ensuring hook is level.
  2. Drill holes and loosely secure unit to wall surface using appropriate screws and wall plugs.
  3. Check the hook is level and tighten screws to finish installation.

### Operation

- Ideal for use in hospitals or health and aged care facilities.

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.
