

## ML710R\_SM Surface Mounted Waste Receptacle

### Material Specifications

- #304 Stainless Steel
- Seamless Welds and Rolled Edges for Safety

### Dimensions

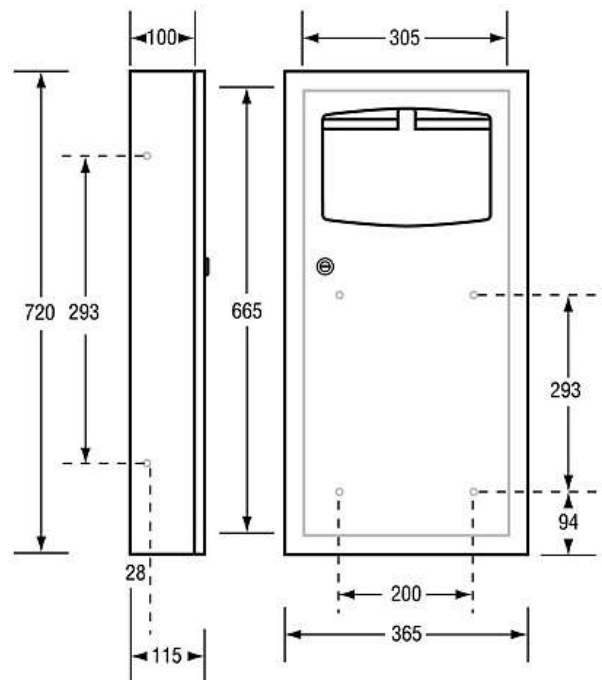

- 365mmW x 720mmH x 115mmD

### Installation Guidelines

- *May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.*
- Using the mounting hole dimensions on the drawing, measure and mark placement for the unit.
- To access the mounting holes, open the unit door and align the rear fixing holes over marks and drill holes.
- Using appropriate fixings, fit unit to the wall and loosely secure.
- Check the unit is level and tighten fixings to finish installation.

### Features

- Unit fitted with security lock.
- Full length piano hinge on door.
- 9.0L Removable Waste Receptacle
- Surround trim has folded edges and welded corners and is supplied pre-fitted for easy installation.

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.
