

ML716 Paper Towel Dispenser

Note

This product is to be installed by suitably qualified persons, in a fit-for-purpose application, to suitable materials, using suitable fixings, and complying with any relevant codes.

Dimensions

- Overall: 282mmH x 340mmW x 160mmD
- Cutout: 315mmW x 110mmD

Hardware Provided

- 4x Screws

Before Installation

- Inspect the product. If there is any damage or missing parts, do not install the product and contact your place of purchase.
- Check that the thickness of the mounting surface is less than 41mm.
- Check that there is a minimum clearance of 420mm below the mounting surface to allow for full extension of a fully loaded towel tray chamber.
- Note that this dispenser is not intended to be used in a downwards-facing vertical position. It can be installed vertically facing up or horizontally.

Installation Instructions

Placement may be subject to regulations/codes and architectural drawings. Correct positioning is the responsibility of the installer.

1. Cut out mounting surface 315x110mm to accommodate dispenser.
Corners of the cutout may be rounded to 3mm radius.
2. Apply suitable adhesive all around the underside of the flange.
3. Place the dispenser into the cutout and press firmly.
4. While holding the dispenser down flush with the mounting surface, bend the 4x mounting tabs up against the underside of the mounting surface and secure them with suitable fasteners.
5. Peel the protective film off the dispenser.
6. Apply neutral cure silicone to all edges where the dispenser meets the mounting surface.
7. Test dispenser for correct operation.

Technical recommendations and installation advice from Metlam Australia Pty Ltd are general in nature and provided in good faith without warranty. Metlam disclaims all liability for errors, omissions, or damage resulting from improper installation or maintenance. All products must be installed by qualified tradespeople and maintained by competent personnel. It is the installer's responsibility to conduct thorough pre-installation assessments; Metlam Australia will not enter into post-installation disputes regarding positioning, functionality, or external factors affecting performance.
