

ML820 & ML820A Single Toilet Roll Holder

Material Specifications

- Enamel Baked Aluminium
- Single Mould ABS Holder with Stainless Steel Pins and Spring

Mounting

- Surface Mount Visible Fix

Dimensions

- 162mmW x 60mmH x 121mmD

Finish

- Grey Enamel Frame, Grey Holder

Installation Guidelines

- *May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.*
1. Determine appropriate installation height and location using the mounting holes at the back of the toilet roll holder.
 2. Use fixings provided to fasten to the wall or partition.
 3. Ensure unit is level and secure to finish installation.

Features

- **ML820:** Restricted feed – dispenses approximately 3 sheets of toilet paper at one time
- **ML820A:** Unrestricted feed

Operation

- **ML820** is ideal for kindergartens or schools as it reduces the amount of paper waste.
- A standard toilet roll is loaded by releasing the locking pin (slide to the left), fit the paper onto the roll holder and replace in the unit. Repeat the process in reverse to remove an empty toilet roll.

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.
