

ML989 Folding Shower Seat

Note

This product is to be installed by suitably qualified persons, in a fit-for-purpose application, to suitable materials, using suitable fixings, and complying with any relevant codes.

Dimensions

- Open: 146mmH x 400mmW x 392mmD
- Closed: 476mmH x 400mmW x 62mmD

Hardware Provided

- 1x Mounting Template
- 6x Nylon Expansion Plugs
- 6x Screws
- 6x Washers

Before Installation

- Inspect the product. If there is any damage or missing parts, do not install the product and contact your place of purchase.
- Ensure the surface you wish to mount the rail to is either solid or has adequate in-wall support.
- Ensure the surface you wish to mount the seat to is flat.
- Check that there will be adequate clearance for the seat to be folded down once installed.

Safety Warning

Ensure that there is proper structural support within the wall. Shower seats are no stronger than the anchors and walls to which they are attached. This shower seat must be correctly secured in order to support a maximum load of 200kg.

Installation Instructions

Placement may be subject to regulations/codes and architectural drawings. Correct positioning is the responsibility of the installer.

1. Place the mounting template against the wall at the desired height (the suggested height is 480mm between the seat and the finished floor) and mark the locations of the six mounting holes.
2. Install six suitable fasteners into the wall at the marked locations and mount the seat.
If using the supplied plugs/washers/screws, drill the holes 65mm deep using a 10mm drill bit.
3. Apply neutral cure silicone to all edges where the mounting base meets the wall.
4. Place the base cover over the mounting base.
5. Test seat for correct operation.
