- All Bends Seamless

### Dimensions

- **SCT\_MOD1200 x 1200MM:** Modular L Bend Shower Curtain Track System
- **SCT\_MOD1600 x 1600MM:** Modular L Bend Shower Curtain System

### Components Supplied

- Track, Ceiling Support Rod, Hooks & Wall Mount Bracket

### Mounting

- Concealed Screw Fix

### Installation Guidelines

- *May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.*
1. Before beginning installation, ensure that the curtain track is the right size, if required cut it down to size.
  2. Locate correct placement on the wall and install the wall mount brackets.
  3. Insert the curtain hooks into the track and then install the curtain track into the wall mount brackets, ensuring that the track is level.
  4. Attach the ceiling support rod to the curtain track, and install to the ceiling. Ensure that the ceiling support rod is vertical, and that it is not on an angle.
  5. Hang the shower curtain (not supplied) to finish installation.

### Operation

- Size required to meet AS1428.1 Compliance is 1100mm x 1600mm (order 1600mm x 1600mm track)
- Can be cut back on site to suit requirements
- Curtains sold separately

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.
